

Company Overview

AXISGOV is an SBR-certified small business, excels in Cloud Engineering, System Engineering, Data Center Modernization, and procurement. With expertise in IL4-compliant Azure solutions, cybersecurity, and cost optimization, we deliver scalable, compliant solutions with up to 75% productivity gains and 30% cost reductions. Trusted by federal agencies like USDA and Navy JAG, our certified team supports mission-critical infrastructures with precision and efficiency.

Core Competencies

AXISGOV specializes in cloud engineering and cybersecurity, forging impactful partnerships and delivering innovative solutions across industries such as:

- Cloud Engineering and Infrastructure Management
- System Engineering and Cybersecurity
- Application Deployment and Management
- Data Center Modernization
- Technology Procurement

Relevant Experiences

- **Constellation Software Engineering:** Architected IL4-compliant Azure solutions for Navy JAG, deploying scalable .NET applications and achieving 20% cost savings.
- **USDA:** Spearheaded a comprehensive security hardening initiative, detecting and mitigating vulnerabilities across cloud and on-premises systems achieving 98% intrusion prevention.
- **Quest Logic Solutions:** Led a migration of on-premises applications to AWS, improving efficiency and reducing costs by 30%.
- **OpenNMS Group:** Enhanced Azure infrastructure with bastion hosts, monitoring tools (Grafana, Prometheus), and automated workflows. Enhanced Azure system robustness by 15% using optimized resource configurations.

NAICS Codes:

- **541512:** Computer Systems Design Services
- **541511:** Custom Computer Programming Services
- **541513:** Computer Facilities Management Services
- **541519:** Other Computer Related Services
- **541690:** Other Scientific and Technical Consulting Services

Certifications

- ✓ Red Hat Certified System Administrator- RHCSA
- ✓ Certified Scrum Master - CSM
- ✓ Certified Kubernetes Associate - CKA
- ✓ Harshicorp Certified Terraform Associate - 003
- ✓ Project Management Professional - PMP
- ✓ AWS Certified Solution Architect - SAA-C03
- ✓ Microsoft Certified Infrastructure Solution - AZ-305
- ✓ Microsoft Certified Security Engineer - AZ-500
- ✓ Microsoft 365 Certified Endpoint Admin - MD-102
- ✓ VMWare Certified Professional - VCP

Differentiations

- ✓ **Performance Improvement:** Automated 50+ operational tasks, achieving up to 75% productivity gains for clients.
- ✓ **Innovation and Adaptability:** Agile practices and cutting-edge automation ensure rapid, scalable deployments with minimal downtime.
- ✓ **DoD and Compliance Expertise:** Proven ability to design and deploy secure, mission-critical infrastructures compliant with government standards.
- ✓ **Cost Optimization:** Delivered over 20% cost savings through resource optimization and cloud migration strategies.
- ✓ **Diverse Technical Expertise:** Wide-ranging skills across AWS, Azure, VMware, and Red Hat platforms, supported by numerous certifications (AWS Solutions Architect, Azure Security, Terraform, etc.).

Business Designations:

- **Business Type:** Small Business Reserved Certified, HUBZone
- **SAM Registration:** Active
